## *5 Steps to Create Your Legacy*

Legacies are built over time and are not limited to money or assets. They include all the ways you put a stamp on the world around you.

1. What are the tangible assets, property, or money you want to leave to the next generation? What will it take to get there?

---

---

2. How do you want others to describe you in your personal relationships? How would they describe you now?

---

---

3. How do you want your customers to describe you? How would they describe you now?

---

---

4. How do you want your co-workers to describe you? How would they describe you now?

---

---

5. What is the mark you want to make on your community or neighborhood? Where are you with this now?

---

---
